Greetings from GIAP Journals

Title: **DESIGN OF KNOWLEDGE MANAGEMENT IMPLEMENTATION IN ISLAMIC UNIVERSITIES**

See our comments in red color and submit the revised version as soon as possible.

Apart from that kindly ensure that the **following important instructions are done** while submitting the revised version.

1. In the article file, name replace 'edited' word by 'revised'.
2. Prepare the article strictly as per attached HSSR template. Special care required for writing the abstract in easy words as per our style. Easy for simple readers.
3. All in-text citations need to be hyperlinked with references without fail. (help is given inside the template)
4. At least 20 good quality journal references are given. (too many websites URLs will disqualify)
5. Check the quality of English one more time using Grammarly.

Fulfilling the above instructions will help us to take your publication in the fast track. After revision email the article to me for further action.

You need to wait for 3 weeks for further news.

Thanks and regards

Dr. Sushma Rani
